Pairing Mode	Quickly flashing light
Paired	Solid light

Charging

1. Connect the included Micro USB to USB charging cable to the **Micro USB Charging Port** port on the unit and the USB port on a computer or other charging device.

The device will now charge.

*Note: Initial charging time 2.5 hours.
Please charge fully before use.*

Connecting

1. Connect the included 3.5 mm cable to the **Line Out** port on the unit and the Line In port on your device.
2. Press the **Power Button** to power the unit on.

Note: Make sure the unit is fully charged before use.

Pairing

1. Press the **Power Button**.
2. The **Pair Indicator** will flash slowly when searching, then quickly to enter pairing mode. If this does not occur, press the **Pair** button.
3. Using the native controls on your Bluetooth device, select the "IAB13" to pair.

If your device requests a password, enter the default password "0000".

Refer to the user's manual for your specific device for instructions on pairing and connecting Bluetooth devices.

4. Press the **Power Button** to turn off and disconnect the IAB13.

FCC Warnings

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Additional Warnings

- Lithium batteries, like all rechargeable batteries, are recyclable and should be recycled or disposed of according to state and local guidelines. They should never be disposed of in normal household waste, and they should never be incinerated, as they might explode. Contact your local government for disposal or recycling practices in your area.
- **WARNING:** This product may contain chemicals known to the State of California to cause birth defects, or other reproductive harm (California Prop 65). Wash hands after handling.
- This product meets and complies with all Federal regulations.
