

IAHN82B Noise Cancelling Headphones

Introduction and Setup

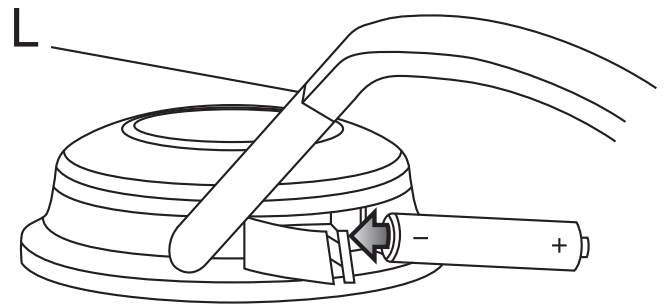

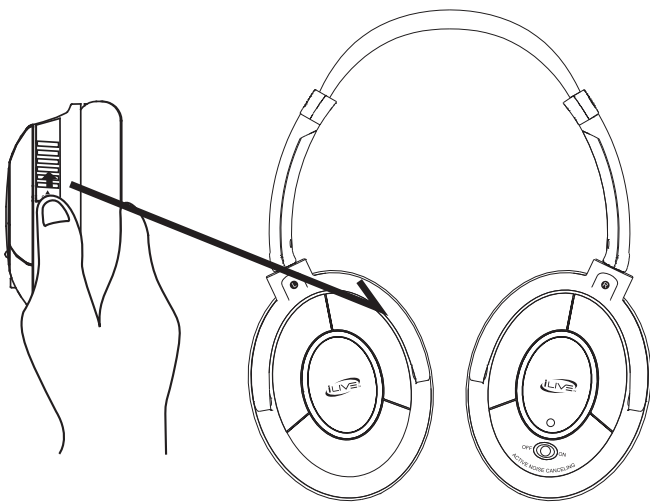

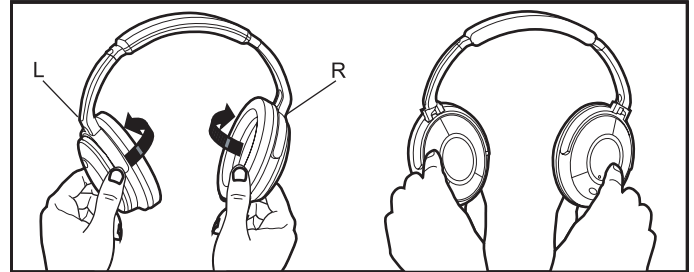

Battery Power

Requires 1 x AAA battery (not included)

Battery life is ~10 hrs, depending on usage. Replace the battery when the battery indicator is no longer lit.

1. Gently slide open the battery compartment as indicated below. The battery compartment is built into the left headphone
2. Insert 1 x AAA battery (not included).

Rotating the Headphones

Using Your Headphones

If you plan to use the headphones only for noise reduction and not for listening to audio, simply put on the headphones and adjust the power switch to the on position. The power switch is located on the right ear cup.

Listening to Audio

1. Plug one end of the included cable into the side of the headphones as shown, and the other into the 3.5 mm port on an audio device.
