

FCC WARNINGS

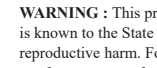

- Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNINGS AND PRECAUTIONS

- Lithium batteries, like all rechargeable batteries, are recyclable and should be recycled or disposed of according to state and local guidelines. They should never be disposed of in normal household waste, and they should never be incinerated, as they might explode. Contact your local government for disposal or recycling practices in your area.
- To avoid hearing damage, make sure that the volume on your music player is turned down before connecting your speakers. After placing speakers in / on your ears, gradually turn up the volume until you reach a comfortable listening level.

WARNING : This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to: www.P65Warnings.ca.gov. **This product meets and complies with required Federal product guidelines.**

LED Indicators

STATUS	INDICATOR
Pairing Mode	Flashing red and blue lights
Charging	Solid red light
Charging Complete	No light
Bluetooth Connected	Slow flashing blue light

Pairing a Bluetooth Device

- Press and hold the **Power/Pair/Play/Pause/Answer** button to power on the unit. The unit defaults to Bluetooth Mode and is ready to pair automatically. *When pairing, remain within 3 feet of the Bluetooth device.*
- Using the controls on your Bluetooth device, select IAHB31 in the Bluetooth Settings to pair. *If need be, refer to the user's manual for your specific device for more information.*
- When successfully paired, a voice will announce, "connected." Your Bluetooth device will now be heard through the unit. Use the controls on the connected Bluetooth device to select and play audio.

After initial pairing, the unit will automatically connect to the last Bluetooth device used whenever it is powered on. If you would like to connect to a different device, turn off Bluetooth on the unwanted device and use the above steps to connect to a different device.

Voice Assistant

Google Assistant

Note: Google Assistant works best on Android devices.

1. Download Google Assistant to your device by searching for the Google Assistant app in the Google Play™ Store, or Apple App Store®.
2. Connect to the speaker using the Bluetooth Connection steps. After pairing, Google Assistant is ready to use.
3. Press the **“Power/Pair/Play/Pause/Answer”** button 2 times quickly to activate Google Assistant.

Apple Siri

1. Connect to the speaker using the Bluetooth Connection steps. After pairing, Siri is ready to use.
2. Press the **“Power/Pair/Play/Pause/Answer”** button 2 times quickly to activate Siri. *Note: Siri is not available on Google or Android devices.*

Speaker Removal

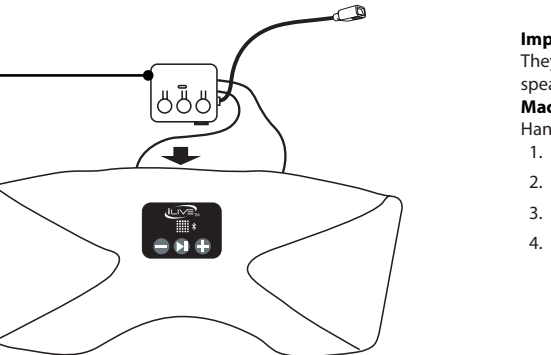

Placed into the interior of the wireless mask are pockets which hold the speakers and controller in place. These pockets can be accessed through a zipper on the top of the mask. To remove the electronic components, gently work them out by hand through this opening.

Install is the reverse of the removal. Be sure to fit the controller and speakers into the correct place ex: Left speaker on left side of mask/right speaker on right side of mask. **Make sure to orient the controller in the mask correctly as shown in the following diagram.**

Controller

Make sure to insert the controller back into the mask **exactly** as shown

Washing Instructions

Important: Do not wash this product with the electronic components still inside! They must be removed or damage and injury may result. See previous sections on speaker removal.

Machine washing is not recommended for this product.

Hand wash only. Do not tumble dry in a dryer. Do not dry clean.

1. Remove the electronic components before getting wet.
2. Wash below 85° F (30° C) and do not use bleach.
3. Reshape while damp. Lay flat to dry.
4. If using an appliance to dry, use an iron on a low setting.
