Assembly Instructions & User Guide

Safety & Warnings

SAFETY WARNINGS

- **WARNING:** To prevent fire or shock hazards, do not expose this unit to rain or moisture.
- Clean only with a dry cloth. Do not clean with liquid cleaners or a damp cloth.
- DO NOT use with devices that should not be used unsupervised.
- DO NOT use in a bathroom or other locations where it may come into contact with water or splashing.
- **WARNING:** Where the mains plug or appliance coupler is used as the disconnect device, such disconnect device shall remain readily operable
- Risk of electric shock. Grounding continuity must be maintained.
- SAVE THESE INSTRUCTIONS
- DO NOT connect the power strip to an ungrounded outlet.
- DO NOT use the power strip with 2-wire extension cords or adapters.
- This power strip is designed for indoor use only. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- DO NOT install where excessive moisture is present.
- DO NOT plug extension cords into the power strip.
- Never install electrical, telephone, network or coaxial wiring during a lightning storm.
- DO NOT drill into any part of the housing or open the housing for any reason. There are no user-serviceable parts inside.

WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov. This product meets and complies with required Federal product guidelines.

FCC WARNINGS

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Features

- 8kg weight limit (17.6 lbs)
- 2 AC sockets
- 2 USB ports
- Bookshelf with paper laminated drawer

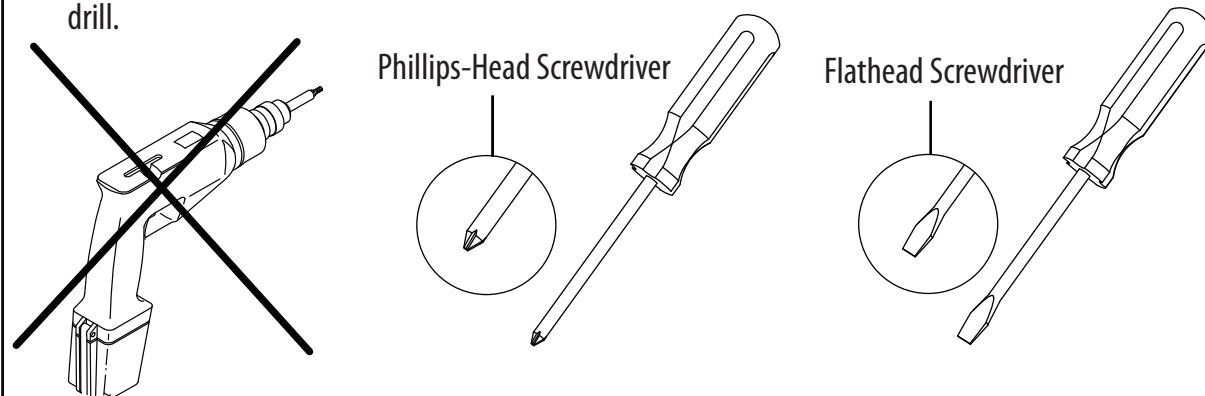

Includes

- AC cord set with USB ports and AC sockets
- Assembly hardware
- User's Guide and assembly instructions

What you will need

ASSEMBLY TOOLS REQUIRED (NOT INCLUDED)

Do not use a power drill.

Maintenance

Thank you for your purchase. This product has been designed for easy assembly and constructed for durability. All parts were checked prior to packaging to ensure quality. Prior to beginning assembly, please make sure all parts and hardware are included and free of defect. If a part is missing or defective, please contact the place of purchase.

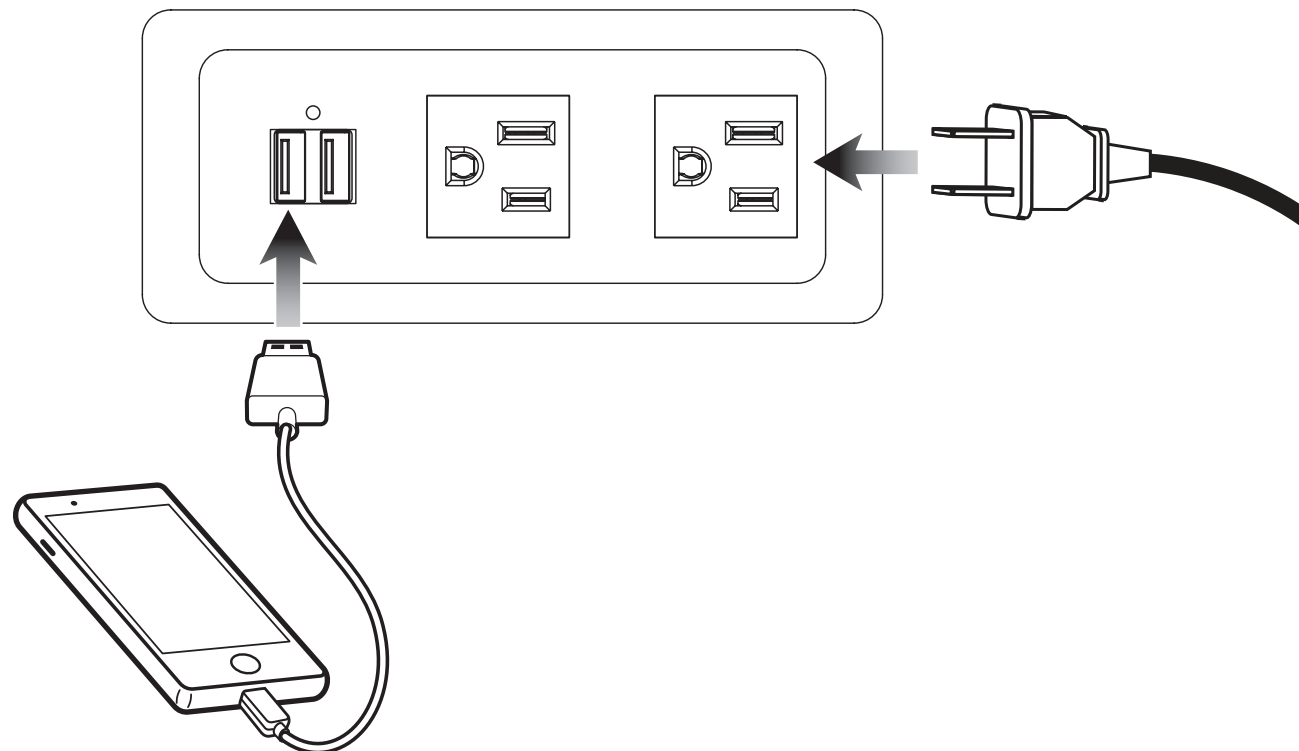

To ensure you furniture maintains its quality and longevity, please follow the following care suggestions.

1. Keep out of direct sunlight so the color is preserved.
2. Dust or wipe clean with a damp cloth. Be sure not to leave water spots on the surface. These water spots will dry and could possibly leave permanent marks.

Charging

This end table includes 2 USB ports and 2 AC outlets that can power your electronics and devices

1. To use the USB ports and AC outlets, you must first assemble the table using the assembly instructions.
2. Plug the table's power cord into a standard wall outlet.
3. Plug your electronics devices into the table to and the table will power them.

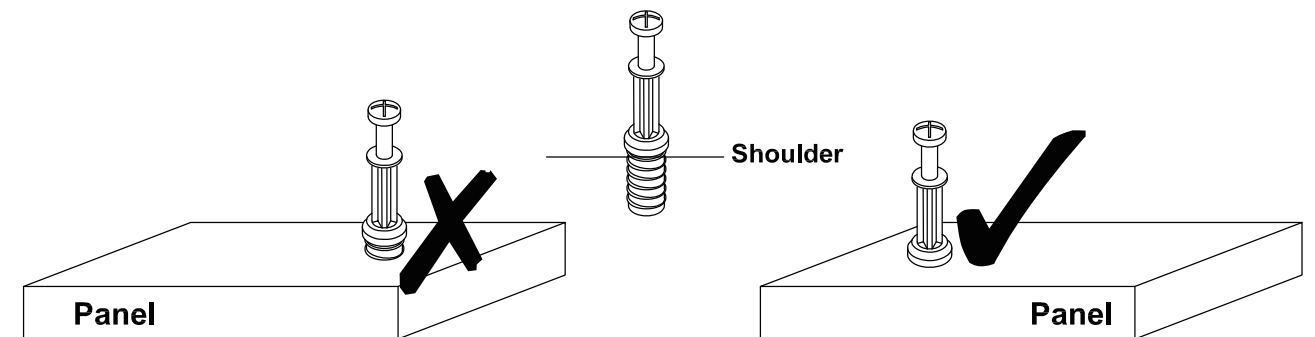

Before assembly

Tips before your start:

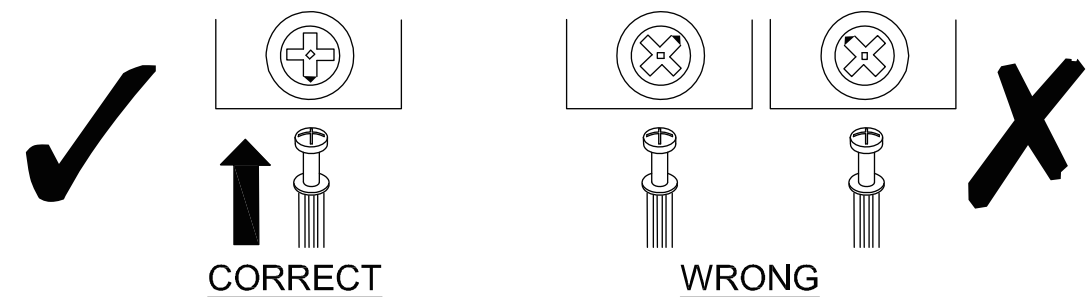

- Remove all wrapping material, including staples & packing straps before you start to assemble.
- DO NOT tighten all screws and bolts until completely assembled.
- Keep all hardware parts out of reach of children.

QUICKFIT

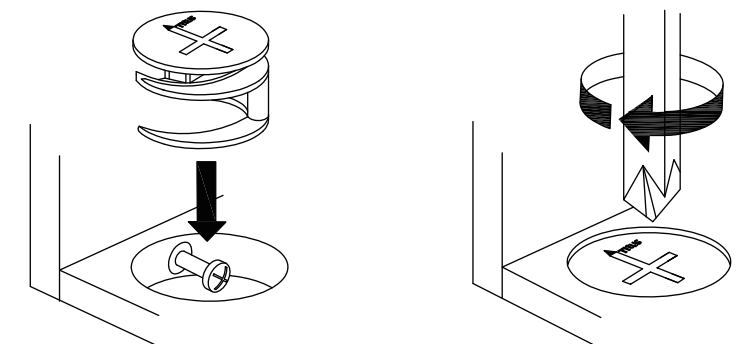

Tighten quickfit until shoulder is flush with panel. Do not overtighten or undertighten.

CAM LOCK

When fitting cam lock, ensure starting position is correct before you insert connecting quickfit.

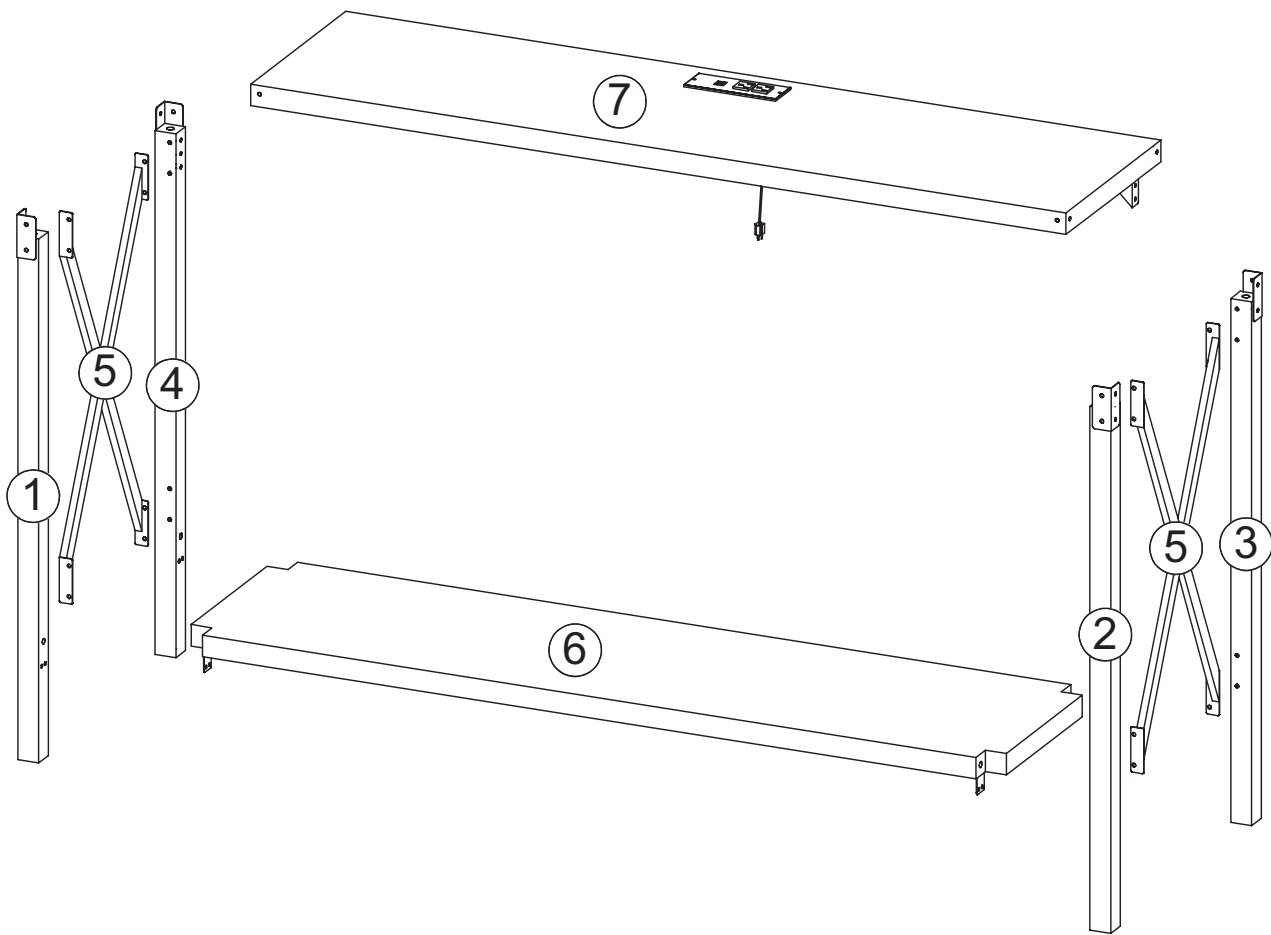

Quickfit head should be in the Center of the cam lock when the two panels are joined.
Cam lock should be inserted before quickfit.

Turn cam lock clockwise to tighten.

Part list

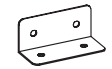

When unpacking, please be careful not to discard any parts with the packaging.
Before continuing, please make sure you have the following parts:

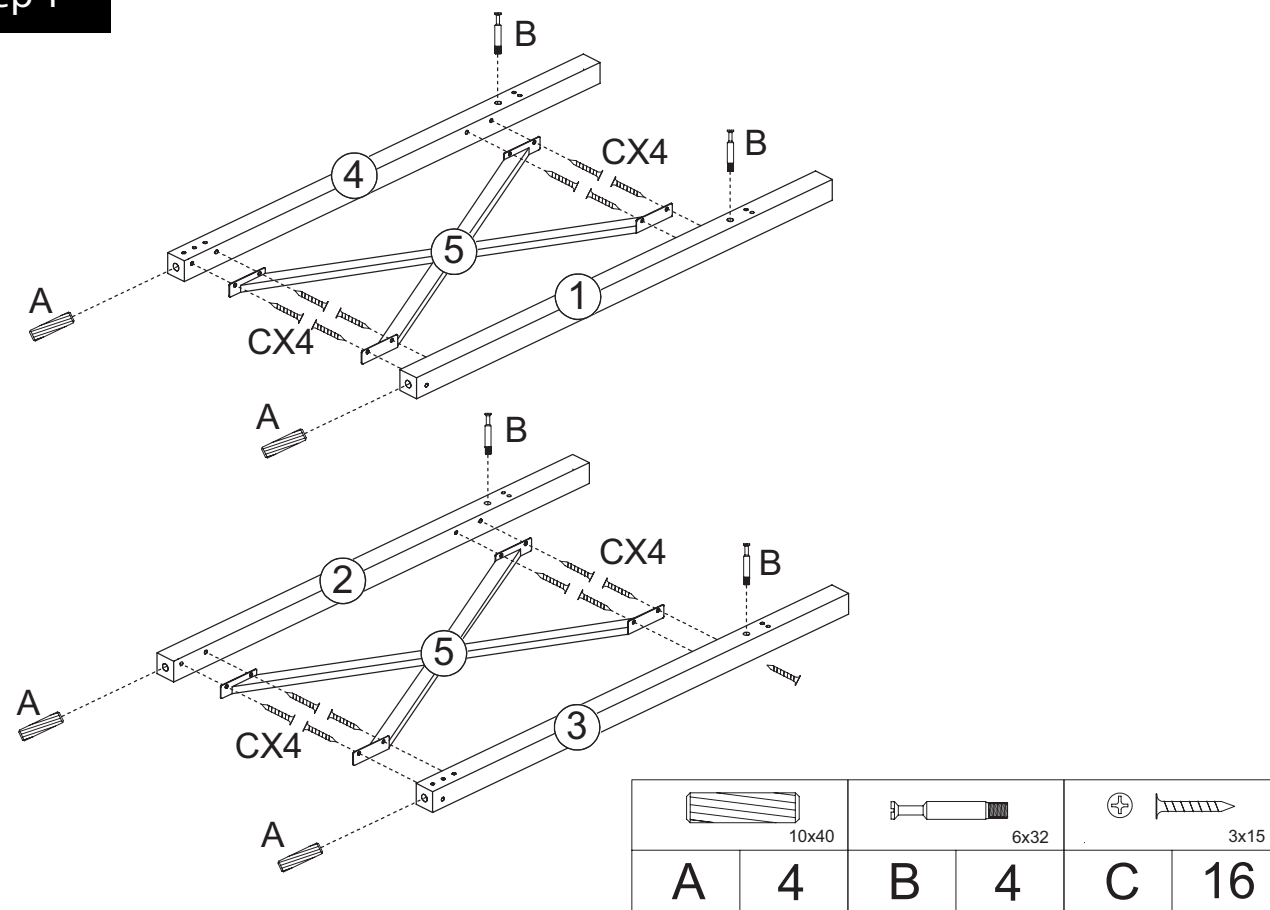

Hardware list

When unpacking, please be careful not to discard any parts with the packaging.
Before continuing, please make sure you have all of the following hardware:
